QV12

SCHEDA TECNICA • TECHNICAL SHEET

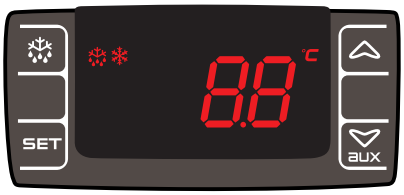

CODE	W x D x H	Kg	L	0,75 LT	°C	dB	V	W	KWh annum	USE
QV12	600 x 600 x 170	22	3	1	+4 / +18	29	120 - 240V	60	110	Professional/Domestic

TECHNICAL SPECIFICATIONS

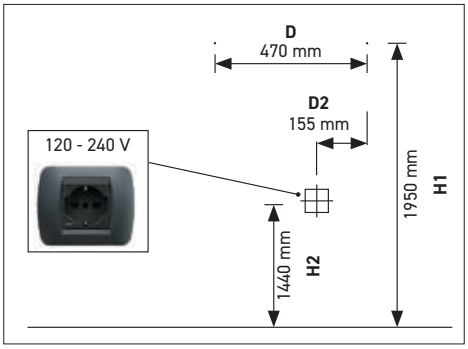

Digital temperature controller
Thermoelectric cooling system with dual high-efficiency Peltier modules
Custom-made extruded aluminium hot-side heat sink
CNC-machined cold-side heat sink made from solid aluminium
Automatic defrosting
Automatic condensate evaporation
User-adjustable temperature (+4°C to +18°C)
Natural White LED lighting (4000 K – Continuous COB Strip – 4.8 W/m – 336 lumens/m – 12 V), adjustable via touch dimmer
Current consumption: 0.2 A (120 V / 60 Hz) – 0.4 A (240 V / 50 Hz)
Climate class: 3 (EN 60335-2-89) – SN-N (EN 60335-2-24)
Powder-coated metal structure
Single non-reversible hinged door
Vertical bottle arrangement
Low-emissivity double glazing – UV protection – Argon gas filling
Removable locking pin system with magnetic support

TEMPERATURE SETTING

The temperature can be easily adjusted using the digital temperature controller located behind the internal finishing panel.
The different models in the collection offer unique features, making them ideal for displaying and preserving both white and red wines.

INSTALLATION

For component positioning, refer to the drawing above, where (D) indicates the centre-to-centre distance and (H1) the height at which the mounting brackets must be positioned, while (H2) and (D2) indicate the position of the electrical socket.

SHIPPING INFORMATION

Dimensions including pallet packaging	Weight including pallet packaging	Volume including pallet packaging
750 x 750 x 400 mm	35 kg	0,22 m^3

KEY

L42 Corten
L50 Satin steel
L51 Satin gold
L52 Satin bronze
L53 Satin black

MDF
DUNE
CLASSICA
HPL

RAL 20
Matt, 20 gloss

INTERNAL FINISHES

The internal panel can be finished in metal or synthetic leather, with a variety of textures and colours. Like the mount of a picture frame, this element draws attention to and enhances the framed display, highlighting the finest wines.

STEEL

RAL 9005
Matt black
